Volunteer Work

TEDxUniversityofPiraeus , Athens

2021 — 2022

Volunteering work for two consecutive years. I was part of the IT Team and was tasked with developing the frontend of a new website using React. The task was challenging since the client had to communicate with a custom API.

https://www.tedxuniversityofpiraeus.com/

Startup , Athens

2017 — 2018

eStand was created after winning 1s place in the CodeBiz competition and 2d place in Moke Competition. We received a small founding. A platform for food delivery was build using Django and I was responsible for the Front Design.

Erasmus for Young Entrepreneurs, Madrid

Erasmus for Young Entrepreneurs at NinjaMails for three months. I was working in a startup and learning basic concepts of a business plan and business models, also contributing to Java projects by building CVS readers or crawlers.
